

(Senior) Consultant Operations – CBC (m/f/diverse)

Description

At Continental Business Consulting (CBC), we drive consulting projects with an analytical or conceptual focus for all of the Continental Corporation and provide customized solutions to our clients. Our interdisciplinary team is made up of close to 100 consultants around the world. Our fields of activity include strategy and organizational development, process optimization and implementation/change management. Establishing ourselves as a trusted business partner has resulted in a constantly growing breadth and depth of projects. In order to take these positive developments into account, we are expanding our worldwide team. We are currently seeking a dedicated Senior Consultant Operations – CBC (f/m/diverse) to strengthen our Operations & Supply Chain team.

This position can be filled in Regensburg or Frankfurt.

You want to know more about our department? -> [Continental Business Consulting](#)

Your tasks in particular:

- › Leading and steering of (internal) consulting projects with intensive inclusion of the customer's organization
- › Point of contact for (Top-) management level
- › Responsibility for the planning and management of project teams including budget responsibility
- › Analyzing work processes, methods, systems, organizational functions and structures to determine optimization potential e.g. by using value stream analysis

What we offer

At CBC, many challenging cross-functional consulting projects within a broad and diverse field of activities are waiting for you. In a collegial atmosphere, we enable self-directed work from an early stage. To foster your personal development, CBC provides continuous support and feedback from experienced colleagues and comprehensive training opportunities. Cooperation in our team is based on mutual appreciation and support. Due to our wide range of activities, you have the opportunity to build a network within all divisions of Continental. Since we are part of the Continental Corporation, we have attractive salary structures and social benefits.

Continental develops pioneering technologies and services for sustainable and connected mobility of people and their goods. Founded in 1871, the technology company offers safe, efficient, intelligent, and affordable solutions for vehicles, machines, traffic and transportation. In 2018, Continental generated preliminary sales of around €44.4 billion and currently employs around 244,000 people in 61 countries and markets.
